DEPENDS ON STANDARDS

IF B. Y. U. HAS STANDARD EQUIVALENT TO VARSITY, MEET ASSURED.

PENNANT FOR TRIANGULAR

Will Be Offered by State Intercollegiate Athletic Association.

Within the next two or three days the acceptance or rejection of the Intercollegiate track meet with Brigham Young University and the Utah Agricultural College, will be known to the students of the University. In accordance with a resolution passed at the regular meeting of the faculty Tuesday afternoon, a telegram was sent to Utah to Brigham Young University and the Utah Agricultural College, asking information in regard to the requirements of eligibility of contestants at the meet. If the requirements of eligibility at the Utah schools are as strict as that required by the University, and the contestants will be picked on that basis, the meet will, in all probability, be held.

Men Are Out Regular.

The men are out each evening practicing faithfully, and each evening are bringing in better results than the afternoon before. Each man in the track squad is doing his best to get in good condition before the Interclass meet to be held a week from tomorrow.

The sprints, high jump, hurdles and pole vault are under the direction of Coach Carey, and he is getting the fellows into the best possible shape for these events. On the sprints, Forbis, Winstanley, Dobson, Hubert, Winninghoff, Spencer, Dick Johnson, Hansen and Charles Johnson are all showing up in good form, and will furnish a good team for each class in the Interclass meet. On the high jump, Hughes, Ryan, Maclay and Kennett are out practicing and each evening the bar rises inch by inch. The men on the pole vault have been forced to stop practicing during the past two or three days while a new pit is being filled. On this Hughes, Leech and Winninghoff are coming out good. On the distance squad, the half milers and the milers are cutting down the records and getting the sprinting down pretty well. For the half mile, Cameron, Buck and Taylor are the likely candidates, all three showing up well at the recent tryout. For the longer distances, Bullerick, Cameron, Taylor, Deuell, O'Rourke, Tait and Friday are lengthening out the stride, and cutting down the time. On the half Tuesday the time was cut to 2:16 just in practice, and this will be made better each evening. Dana has charge of the distance squad and is doing good work in getting them into shape. With the assistance of Mr. Woodward, from the Forestry Service, who has willingly donated what time he can spare, the men should develop into some fast material.

In a letter written to Physical Director Rhodes, Coach McIntosh of the Bozeman school, suggested that some trophy be awarded the winning track team this spring. The suggestion was preferably toward a large pennant bearing suitable insignia. Such a trophy should be very acceptable and would give the contesting teams an incentive toward winning the meet other than for their school. Action

LECTURE COURSE TONIGHT

Sarah Walthea Brown and Chicago Boy Choir Will Give a Musical Program.

Sarah Walthea Brown and the Chicago Boy Choir, the eighth attraction on the University Lecture Course, will appear tonight at the Harnois. Those in charge of the performance promise to present a delightful and unique entertainment.

Mrs. Brown is a harpist of no small merit and comes to Missoula with a very high recommendation. She possesses a magnificent harp, made especially for her by the world famous musical instrument makers, Lyon & Healy, and she plays it with unsurpassed technique.

The boys are selected on their merits and represent the pick of hundreds of applicants. Yet they are not exceptional youngsters, but are only ordinary boys with an ordinary talent for music. They perform on the megaphone, on the bagpipes, tambourines and castanets, in song, character and costume. Their wholesome voices will be an inspiration to children and a delight to the adults.

Special Matinee.

In order to give all children an opportunity to hear the boys, a matinee has been arranged to be given at the Harnois theater at 3:15 o'clock Thursday afternoon. Through the interest of Superintendent Williams and by consent of the Board of Trustees, the public schools will close in time for all school children to attend the treat. The children will be accompanied by their teachers.

The ninth number of the course will be by Laurant, the magician. As an extra number was given during the course, the holders of tickets will be given number nine free. Attention is called to the fact that all those holding these season tickets must present number eight in order to secure number nine, as they are given only to holders of course tickets, and this can be determined only by presentation of the last ticket. The necessity for this has arisen from the fact that an extra number has been given during the season using one of the tickets. Tickets are at the theater for exchange, or for sale.

INVITATIONS ARE OUT

THE FIRST REHEARSAL OF THE PLAY IS EXTREMELY GOOD.

BALLET WILL BE SECRET

And Will Spring a Great Surprise Upon the Audience.

"Le Malade Imaginaire," the University play, continues to grow in interest as each rehearsal makes the scenes more perfect. The whole play was given Tuesday evening before a large number of the faculty. The first open performance proved of great interest to the spectators even though there was a lack of scenery, music and costume. Judging from the public rehearsal, the play is to be the best ever given by the University.

Invitations Out.

The invitations were out yesterday and a large number of them have been sent out. More than 500 have been sent to city people. With this number of announcements the play cannot help but attract a large crowd. There are still a few announcements left which will be given to those who desire to send them to out of town people, at the cost of printing.

Ticket Sale Opens.

The ticket sale was opened yesterday at assembly period. At present most of the students have secured their tickets and they are going fast over town. Arbie Leech, who has charge of the seat sale, expects to have disposed of nearly all of the tickets before the end of the week. Since the assembly hall will seat only a small number, 450, it is anticipated that there will be a greater demand for seats than it will be possible to supply. At least the first house is to be entirely sold out. As stated before, the price for the best seats is \$1.00. The other prices are 75c and 50c.

Costumes Are Ready.

The costumes for the girls in the cast were finished the first part of the week and the ballet costumes will be done in a few days. The cost of cos-

(Continued on Page Three.)

TEAM OFF FOR PULLMAN

Line and Warren, Montana's Representatives, Feel Encouraged as to the Result.

This evening at Pullman, Wash., will occur the annual debate between Washington State College and the University of Montana. Robert C. Line and De Witt C. Warren representing the University, left yesterday afternoon at 4 o'clock for Spokane and will arrive in Pullman this morning. This will give them all day to prepare for the contest this evening.

Diligent Work.

For the past week the team has made every endeavor to perfect their debate and to get it in the best possible shape for this evening. Studies and recitations have not interfered, and they left confident that they can uphold the affirmative successfully. This will make the seventh annual debate between the two institutions, the debate last year being held here, on April 22. This resulted in a victory for Washington.

The question this year is of very great interest, being on the commission plan of governing cities in the United States. It has been debated by several of the large eastern colleges during this year, and everywhere has been reported as a very good question for debate. Owing to the fact that the question was decided upon but only a very few weeks ago, the preparation for the debate could not be as thorough as it might have been had the question been determined last January. The team is confident, however, that they have the best side of the debate, and that they can successfully carry off the honors this evening.

Debaters Banqueted.

On Tuesday evening at the Florence hotel Professors Underwood and Reynolds entertained the team at dinner. This practically was the conclusion of the long siege which the team has experienced in preparing itself for the big contest. The best wishes of the students go with the men and they trust that the team will carry off the laurels for Montana. On tomorrow evening the men will attend the Annual Junior Prom to be held at Pullman,

(Continued on Page Three.)

AMENDMENT DISCUSSED

POLLS FOR THE ELECTION WILL BE OPENED NEXT WEDNESDAY.

STUNTS TO BE ARRANGED

For the Coming Interclass and Triangular Meets—New Yells and Songs.

One of the best meetings of the Associated Students to be held during the present year occurred yesterday morning in Assembly Hall. Many matters of importance were brought up and discussed and action taken on each. The amendments, which have been published in full in a previous issue, were brought before the meeting by Delegate-at-Large McCowan, and by a vote it was determined to hold a special election next Wednesday morning for the purpose of adopting them. In general, they specify for three instead of one Delegate-at-Large, which has heretofore held office under the Associated Students. The election will occur in the south end of Main Hall, where the ballots will be cast.

The matter of changing the date for the May Carnival from April 29 to a later and more suitable date was discussed at length. Owing to the many activities among the students from now until commencement time, every Friday has practically been taken. With the play immediately before, and the Triangular meet following but only five days after, the last Friday of April does not seem to be the best date available for the Carnival. It was thought that if held on Friday evening following the Intercollegiate Meet that better facilities would be had to make the Carnival a success. No definite action was taken on this matter.

Dr. Elrod made a few remarks in regard to the New Lecture Course for next year. For the year 1910-11 he has secured seven engagements, which, taken together, should make a very strong ticket for this season. In brief, they are as follows: "The course will be opened by Maud Ballington Booth, whose record for benevolent work is known to all; Judge Ben B. Lindsay will deliver his only lecture in Montana; Senator J. R. Dolliver is one of the most brilliant orators of the United States; Governor Joseph W. Folk has become famous through his work of reform." These comprise the four lectures to be given. In addition to these are three other numbers, which include Packard, the cartoonist and humorist; the Dunbar Musical Quartet, and the Passmore Trio Musical organization. This series will comprise the best ticket yet to be offered by the University Lecture Course. The committee in charge of the course is desirous of securing the entire number of pledges from the student body for the course to be given next year. When these have been determined, efforts will be made in the city to secure the remainder necessary to make the course a financial success. This will doubtless be done without difficulty, and the students next year will have the opportunity of enjoying one of the strongest series of attractions yet to be offered by the course committee.

In behalf of the debating team, Captain Line spoke a few words. "This is Mr. Warren's second year, and he hasn't forgotten our defeat of last year yet. We are as well prepared as possible and we shall endeavor to show the team in Pullman that we know more about the question than they do."

Who is the next?

OUR FIRST ANNIVERSARY.

Last week, on April 8, the Weekly Kaimin was one year old. It seems scarcely possible that one whole year has passed since the founding of the University Press club and the launching of the University weekly; but to those in charge of this publication one year means that thirty-five issues have been written, published and given to the student body. The number may seem small, yet the staff has worked diligently, has sacrificed many things to fulfill their promise made in the first issue that they would "exert every effort to 'make good.'" And here it would be well to ask, have we fulfilled our early policy?

To make the next paper a little better than the last has been our goal. We have increased its size, introduced new wrinkles in the makeup, and in every way possible to improve the appearance of the sheet. On the other hand, the news department has been energetic in securing the advanced stories, and at every turn hoped to

give a clean, wholesome view of the college life.

The editorials have attempted to keep pace with student opinion and thought, and at the same time give a more or less conservative expression to the events of the week.

If, then, these have been accomplished to the full satisfaction of the general student body, we, too, then are satisfied; for, in our position, we must rely upon the student body. Have we "Make Good?"

THE WAR DANCE AGAIN.

College is a world by itself. It has its work and its play. Its interests are foreign to these outside, yet, nevertheless, there is, in every college, a sort of family resemblance. There is found a trace of the same "stunts," same pastimes and same work, with sufficient differences so as to maintain an individuality to each college.

The proposed "War Dance," that is to be pulled off in the near future, is simply a general college custom so changed as to fit local conditions. To give a general understanding of the proposed "passing of the freshmen," the Cap Night of the University Michigan seems to be a typical stunt.

The finest and best tradition that the University of Michigan has is that of Cap Night. In point of dignity, of impressiveness, of spirit there is nothing to equal it at the university. The event which is held in late May or early June commemorates the passing of the freshman class of that year. At dusk the different classes congregate at various appointed places on the campus which have been previously announced. When all are assembled a line is formed, the band at the head with the seniors leading, followed in order by the juniors, the sophomores and the freshmen. Leaving the campus the parade makes its way down State street to Huron to "Sleepy Hollow." Red fire on either side marks out the line of march.

While this is going on certain designated sophomores have built a huge bonfire in the middle of "Sleepy Hollow," the beautiful natural amphitheater near the observatory. As the classes march in they circle this fire and then the upper classmen seat themselves well up on the grassy slopes of the hollow where hundreds of spectators have already assembled. Below them come the sophomores, while the freshmen are given the places of honor around the fire. The speeches consist of short spirited talks by members of the faculty, upperclassmen and undergraduates. Selections by the band and singing of Michigan songs and yelling of Michigan cheers by all fill up the preliminaries. The firelight throws its flickering shadows and the trees stand out in the dim glow like silent soldiers.

All this is very impressive and a fitting introduction to the more impressive ceremony which follows. After the speeches are over the sophomores, whose duty it is to maintain the fire, fling on great numbers of boxes, packing cases and the like, which the merchants about town have donated, and then, when the fire is at its height, the freshmen, in single file, circle it and throw their caps into the blaze. Thus the light-gray caps, with their colored buttons denoting the department, are burned on the sophomore altar to mark the emancipation of the freshmen. While this is being done the "Where, Oh Where are the Verdant Freshmen?" is being sung by the entire student body. With the burning of his cap the freshman becomes a full-fledged sophomore. His period of trial and test is over.

UNIVERSITY LECTURE COURSE.

The University is a state institution. Its maintenance is derived from funds of the state and, in its turn, should give back value received. It is the aim of every educational institution to make better and more useful citizens. If this one thing is attained, the expenditure of such money is, surely, not in vain.

So, too, an educational institution must hope to be of some value to the

community in which it is situated. Its very presence should tend to raise the general attitude of the community.

Following this thought, there is, perhaps, no more stronger tie between the "town" and the "gown" than the University Lecture Course. Every year through the initiative of the faculty and students, learned men are brought to Missoula to express their thoughts, the best talent obtainable are asked to interpret their art, whether it be music, speaking or amusement. The very fact that it is the best that money can buy is decidedly in favor of the course.

Then again, it is possible through the co-operation of many persons that such a strong course can be contracted for. It is a simple matter for six hundred persons subscribing three dollars to bring these lyceum lectures in one season.

Another pleasant feature of such a course is that not one cent of profit is hoped for. This year the course scheduled an extra number in addition to those promised; and if the same success attends the undertaking, another extra may be hoped for.

The University Lecture Course is a worthy cause. Anyone interested in the topics of the hour or the problems of the nation or else wishing an evening of real pleasure, would do well to obtain a ticket for next season.

Think this out, and pledge yourself for a ticket for next year's course.

THANKS TO THE SENTINEL.

Through the generosity and the foresight of the editor and business manager of the 1911 Sentinel, the Weekly Kaimin will have an individual cut of every person in school, with the exception of the entering freshmen.

Heretofore, a greater part of the class pictures have been more or less grouped and has added greatly to the artistic value of the book. But this year, every picture in the class rolls are individual cuts and although, perhaps, not so artistic, will be a welcome change since it is different. The Kaimin appreciates the efforts of the Sentinel people and next year will find in its columns a picture of every person that becomes famous or near famous.

THAT PROVO MEET.

The Kaimin heartily seconds, if it is necessary, the action of the faculty the other evening on the proposed Provo meet.

It has been largely through the efforts of the University that the Montana Augiean stables have cleaned up. Scholarship and athletics must go hand in hand and the evidence of possible harmony between the two can plainly be seen in the state intercollegiate athletics of the past season.

Yet we sincerely hope that this meet may be scheduled and the men have an opportunity to take the trip. But before we do we should demand standards equivalent to ours.

Students of the University of Idaho will hold an indoor athletic tournament on April 6, under the auspices of the Gymnasium club. Among the events will be a fencing contest and a basket ball game.

Dean Woodward, after having served Washington University continuously for forty-five years, has recently resigned his position.

In addition to his already generous gifts to the School of Engineering, Mr. Samuel Supples has just presented the Washington University with about \$45,000, to be used in the erection and equipment of new engineer shops.

The mining students of the University of Idaho will take as their annual trip this year, a journey to British Columbia.

The University of Utah defeated Montana State Agricultural College in basket ball last week, at Bozeman,

NEWS FROM THE INTERCOLLEGIATE WORLD

"In order to develop the bones, sinews and muscles of the oarsmen, the Board of Control at the University of Washington has appropriated \$40 to purchase juicy steaks and prime ribs for the boat house larder."—The Evergreen.

"The general athletic committee at Cornell has decided that no undergraduate shall be permitted to adorn the bowl of his pipe with the letter 'C,' unless he has won his letter on some athletic team."—Oregon Emerald.

The Colorado College debating team recently defeated that of the University of Utah. The outcome of this debate places Utah and Colorado upon an equal footing, as each has won one and lost one debate.

The women of the University of Oregon will demonstrate the past year's work under the physical director in a gymnasium exhibition. Foils, dances, drills and military marching are to be a part of the program.

Fifty men, who will be distributed among the various American universities, were recently chosen in a comparative examination held in Peking, China. The Chinese government will pay their expenses.—The Student Record.

The modern language department of the University of Utah gave most novel entertainment last week, called "The Polyglot." Among other things, the program consisted of several German songs, a Spanish dance and a French comedy.

The Sophomores at Michigan succeeded in keeping secret the time and place set for their Prom until after the dance had taken place.

A new student organization called the Memorial Society, was organized at Cornell for the study of Hebrew culture.—The Chronicle.

The debating team of George Washington University recently took the

longest trip ever taken by an organization of that kind, only to be defeated by the University of Southern California.

A student at Stanford was recently suspended for the remainder of the semester by the Committee on Student Affairs because he had handed in work as his own which had been taken from books.

The Freshman debating team of Whitman College took its first trip to Caldwell, Idaho, last week, where it was beaten by the Caldwell Academy of that city.

The University of Oregon will give a course in aeronautics this spring to its senior electrical and mechanical engineers.

The students of the mechanical department of the University of Nevada, are conducting a series of tests on the Southern Pacific Railroad.

DEPENDS ON STANDARDS.

(Continued from Page One.)

has not yet been taken upon this matter, but it will probably be decided within the next few days.

The big interclass meet will occur a week from tomorrow. In this, the men who are now trying out for positions on the Varsity track team will have an opportunity to test their ability and mettle in the various events. Much speculation is current among the students as to the class which will carry off the honors. Each class has its cohorts of boosters which declare that their class has a walk-away, while some of the more dubious believe that one class will best another and that their class will make a good third. The trophy to be awarded by President Duniway has not as yet been determined, but it will be an incentive sufficient to arouse the best class spirit to be shown this year.

INVITATIONS ARE OUT.

(Continued from Page One.)

tuning the play alone will be more than \$75. The smallest detail is not being overlooked to make everything conform to the original production. The lights will be placed this week. An interesting feature in the lighting will be the two groups of candles suspended from the ceiling to give the lighting effect of the old French theater.

Prelude in French.

Before the opening of the play, Thayer Stoddard will give the prelude in French, the translation being printed on the program of the evening. C. Buck and F. Richter have been selected as pages and will appear at the opening of the play to adjust the lighting and then will take their regular places at the pillars of the stage, where the pages are accustomed to sit.

Ballet Will Be a Surprise.

The ballet has absolutely prohibited anyone from seeing their rehearsals, but it is predicted that this one feature of the play will be well worth the evening attendance. The Spanish dances that the girls are learning fit in very nicely with the tone of the play and will greatly add to the interest of the event. The costumes are very showy and without doubt the ballet will present as formidable appearance as of old.

TEAM OFF FOR PULLMAN.

(Continued from Page One.)

special invitations having been forwarded to them a number of days ago. They will probably return on Sunday.

A bulletin will be posted on the Bulletin Board in Main Hall by the Kalmann announcing the decision rendered after the contest.

The University of California has recently received a cablegram from the New South Wales Rugby Union, inviting an All-Star Pacific Rugby team to make a tour of Australia and New Zealand this summer.

LOCALS.

Knute E. Swenson, ex-'12, arrived in Missoula last week from Chicago, where he has been attending the Northwestern Medical School. He was forced to discontinue his work on account of a severe illness, but he intends to return to continue his course at the beginning of school next year.

The Engineer's Club will hold its next meeting on Wednesday evening. The following program will be given: "Westinghouse Air Brake," W. C. Mackay; "Locomotive Superheater," Charles H. Hoffman; "Compressed Air, Etc.," Arthur W. Richter; "Electric Locomotives," C. F. McCabe.

William A. Bennett, managing editor of the Kaimin, was called home to Anaconda Tuesday evening, on account of the illness of his sister, Annie. If his sister improves, he intends to return Sunday evening.

Harold Blake, '02, census supervisor of the western district of Montana, spent the first of the week in Missoula arranging for the work of the local enumerators.

James Jones, ex-'12, passed through Missoula Saturday, on his way to Deer Lodge. He is holding a good job with the Chicago, St. Paul & Puget Sound at Malden, Wash.

Isma Eldell, who has been quite ill for the past few days, with an attack of grippe, is recovering and able to be about again.

Gladys McLean and Flora Averill were the guests of Louise Smith at her home in Carlton last week end.

Last Saturday evening occurred the

death of Mr. V. C. Mosher. Mr. Mosher was the father of Vern Mosher, a former student at the University, and one of the charter members of the Iota Nu fraternity.

Cecil Dobson and Holter P. Kennett spent Saturday and Sunday with Lamar and Holmes Maclay at their home at Florence.

Miss Alice Mathewson spent the week end at her home in Anaconda.

Miss Edna Hollenstainer spent Saturday at Lo Lo.

Edna Rosean visited in Lo Lo Saturday.

JUNIOR PROM.

Now that the new floor for the Gym has been practically assured, the Juniors are getting busy and have appointed the manager for the Prom this spring. At a recent meeting of the class, Hugh T. Forbis was elected to manage the Prom, and he has since appointed his committees. These are as follows:

Program and Invitation—E. E. Hubert, chairman; Robertson, Ross, Simpson and Dinsmore.

Decorations, C. Johnson, chairman; Averill, Bennett, C. Forbis, Gleason, Hansen, Hoffman, Hughes, Lucy, McLean, Maclay, Marshall, Smith, Eldell.

Music and Floor—Ryan, Chairman; Steel, Coffee, Clanton, Spencer.

The committees are already getting together and making initial arrangements for the Prom. The date set for this leading event this spring has not been definitely settled, but probably will be held on Friday, June 3.

ENGINEER LABORATORY FACILITIES EXTENDED.

Through the courtesy of the Missoula Light and Water Company, Professor Richter was enabled to take the Seniors to the offices of the light department and make use of the company's photometer. The Seniors made a study of illumination and of the methods employed in the testing of the illuminating power of electric lamps. The courtesy of the Light company is greatly appreciated by those who had the opportunity to inspect the device.

ALUMNI NOTES

The secretary of the Alumni Association promises a treat to the members next Saturday, when the dinner will be held at the Missoula Hotel. The private dining room has been engaged for the occasion, and the dinner will be held from half past five until seven. A Kaimin reporter endeavored to secure an interview from a member of the executive committee, but she refused to say more than that there was something doing, and that every member should be there.

Nora Nichols, a former U. of M. student, who has been spending the winter in California, returned to her home here the first of April.

Alice Herr, '04, of Dillon, was a delegate at the Sunday School Convention and spent some time visiting at the University.

Sue Garlington, '07, came down from Stevensville last Saturday to spend the week end at her home.

Eloise Palmer (Mrs. Arthur Smurr), an ex-'08, who is now living in Lewistown, Montana, was a welcome visitor in town last week.

Remember the Alumni Dinner, Saturday, April 15, at the Missoula Hotel.

SENTINEL PROGRESSIVE.

Two hundred cuts were received by the 1911 Sentinel last week from the Bureau of Engraving at Minneapolis. This part of the entire shipment will be sufficient for the publishers to begin the work of printing the year book. These cuts are excellent and are easily ahead of any that ever appeared in former Sentinels. The work on the remainder of the book is progressing rapidly, and the Juniors are looking forward for one of the best books that has ever been put out by the institution. The advertisers have finished their work this week and as a whole the editors feel very much encouraged as to the outlook.

SCIENCE ASSOCIATION.

Last evening at 8 o'clock, Frank M. Ingalls, of Missoula, gave a very interesting address before the Science Association on Photography. The address was much appreciated by all, as Mr. Ingalls, spoke from broad experience. Papers, also on photographic topics were read by Miss Lucille Marshall, Miss Carrie Wharton and Miss Edna Fox.

CLARKIA.

Clarkia will hold her next meeting Monday, April 25. The program for that time has not been completed as yet.

Those surveyors in the University of North Dakota, who did not go home for Easter vacation, spent that time in surveying the campus. Squads of students helped to remove useless trash, while others surfaced the driveways with cinders. The board of regents also did their share towards improving the campus, by purchasing an adjoining tract of twenty acres, which will be used as an athletic field.

The annual Sophomore party given to the Freshmen of the University of North Dakota, was held April 2. This entertainment was of considerable importance in the social calendar and is reported to have surpassed all previous affairs of the kind.

The Sigma Nus won the first baseball game of the inter-fraternity series last week, in the University of Oregon.
